

The Loon Lake Public Beach is a well-maintained, recently-renovated sand beach with a small swimming area. The shallow and deep zones are marked and a raft floats in the deep section. There are also benches, a grassy picnic area, and small boat launch for non-motorized vessels.

This public beach is perfect for swimming, fishing, and paddling with views of gorgeous mountains beyond Loon Lake. The Loon Lake Public Beach is open from Memorial Day to Labor Day each year.
